Through controlled and communicative exercises this text helps students to bridge the gap between identifying grammatical structures and using them. Each unit progresses through four steps: grammar in context, grammar presentation, focused practice and communication practice. Includes circling, matching, filling-in-the-blank, underlining, correcting, completion, short answer and writing exercises.

The Teacher's Manual contains a variety of suggestions and information to enrich the material in the Student Book. It includes general teaching suggestions for each section of a typical unit, answers to frequently asked questions, unit-by-unit teaching tips with ideas for further communicative practice, and a supplementary listening activity section. Answers to the Student Book exercises and audioscripts of the listening activities are found at the back of the Teacher's Manual. Also included in the Teacher's Manual is a CD-ROM that includes PowerPoint presentations that offer alternative ways of presenting selected grammar structures. Focus on Grammar helps students understand and practice English grammar through contextualized listening, speaking, reading, and writing activities. Focus on Grammar combines controlled and communicative practice with critical thinking skills and ongoing assessment.

A guide to grammar and punctuation, covering everything from verbs, nouns, adverbs, pronouns and much, much more.
