applies to any residential space, and ensures that the most important factors are weighted heavily in the decision making process. Daily use is a major consideration, and the authors explore the minimum amount of space each room requires to function appropriately while examining the host of additional factors that impact bedrooms, bathrooms, kitchens, hallways, and more. Detailed information about accessibility is included in each chapter, making this book a reliable design reference for "aging in place" and universal design. The new companion website features teaching tools and a variety of learning supplements that help reinforce the material covered. Interior design is a fundamental component of a residential space, and a required skill for architecture and design professionals. This book is a complete reference on all aspects of residential design, and the factors that make a space "work." Design spaces with primary consideration of daily use Account for building systems, accessibility, human factors, and more Get up to date on the latest residential interior building codes Plan interiors for any home, any style, and any budget Designing a residential interior is about more than choosing paint colors and furniture—it's about people, and how they interact and use the space. It's about shaping the space to conform to its function in the best possible way. Residential Interior Design provides clear, comprehensive guidance on getting it right every time.

A comprehensive guide to getting the best results while building or renovating a home operates on the belief that homeowners can't know what goes into a plan unless someone tells them, which is based on the premise ... if homeowners knew even 10% of what the professionals know, they could avoid 90% of the problems. Original.

Lawrence Dworin's guide covers a variety of topics essential to the purchase and renovation of homes for profit. Included are chapters on remodeling for profit, selecting the right house, using real-estate agents, buying a home, getting the appropriate financing, repairing structural and mechanical problems, decorating the interior, selling the house, and keeping rental property.
