Architectures For Intelligence The 22nd

Buy Architectures for Intelligence: The 22nd Carnegie Mellon Symposium on Cognition (Carnegie Mellon Symposia on Cognition Series) 1 by VanLehn, Kurt (ISBN: 9780805804065) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

Architectures for Intelligence: The 22nd Carnegie Mellon ...

This unique volume focuses on computing systems that exhibit intelligent behavior. As such, it discusses research aimed at building a computer that has the same cognitive architecture as the mind -- permitting evaluations of it as a model of the mind -- and allowing for comparisons between computer performance and experimental data on human performance. It also examines architectures that ...

Artificial intelligence (AI) is rapidly gaining ground as core business competency. Today's machine learning (ML) or deep learning (DL) algorithms promise to revolutionize business models and processes, restructure workforces, and transform data infrastructures to enhance process efficiency and improve decision-making throughout the enterprise. . Gone are the days of data silos and manual algori
