Use a paring knife to cut off and discard any tough, fibrous, dark green parts clinging to the outside of the artichoke heart. Be aggressive. You only want the tender, light flesh of the heart when you're finished. Now you have a fully trimmed and cleaned artichoke heart. It is ready to cook and eat.

~~A Step by Step Guide to Trimming Fresh Artichoke Hearts~~

If 1 baby is smaller and needs to feed more often, you will not be able to feed them at the same time at first. If you want, you can work towards bringing their feeding routines together as your babies grow. If you have any concerns about your babies' growth, you can take them to your local baby clinic to have them weighed and measured.

~~Feeding twins and multiples - NHS~~

At the beginning of the second trimester, babies are about 3 1/2 inches long and weigh about 1 1/2 ounces. Tiny, unique fingerprints are now in place, and the heart pumps 25 quarts of blood a day. As the weeks go by, your baby's skeleton starts to harden from rubbery cartilage to bone, and he or she develops the ability to hear.
