On 14 December 1885-Earl Ciel Phantomhive's tenth birthday-despair was visited upon House Phantomhive in the form of a heinous attack on the family manor. Beckoned by the hatred in the walls of a helpless child, a devil alighted from an undulating purple-black mire. Thus, one story began, even as another ended..Or did it?

In the heart of London stands Sphere Music Hall, a venue that enjoys immense popularity amongst the populace. However, the fervour with which its visitors return causes consternation in the mind of Her Majesty, Queen Victoria, who suspects the organisation of cult practices and sends Earl Ciel Phantomhive and his impeccable butler, Sebastian, to infiltrate the hall. They are met with none other than the disgraced erstwhile prefects of Weston College and an otherworldly fortune-teller called Blavat, who takes one look at Sebastian and divines his true nature without faltering...!

Gruesome and mysterious deaths are occurring on the continent. Along with the fear of contagion that permeates the air, there are also rumours of witches and wolfdmen running amok. In accordance with the wishes of Queen Victoria, young Earl Ciel Phantomhive embarks on a jaunt to Germany with his elite butler, Sebastian, in tow. When Ciel's party heads right into the heart of a cursed forest where supernatural creatures are said to dwell, they run straight into a witch! In fact, several of them! And the village head is none other than a little girl who appears as though she's stepped out of a fairy tale?!

When one curtain falls upon the big top stage, another rises behind the scenes, as young Earl Ciel Phantomhive and his virtuoso butler, Sebastian, face off against the villain behind the missing children. But as Sebastian, under orders from his master, single-handedly draws the gruesome tale to its sad conclusion on one front, battle lines are drawn on another! With the masterless Phantomhive Manor under attack from the Noah's Ark Circus and Sebastian nowhere nearby to protect its inhabitants, is Ciel's home once again headed for the same tragedy that took the lives of the young earl's parents?
