"The BPVS is a receptive language assessment of vocabulary. It assesses the pupil's knowledge range and breadth of vocabulary knowledge. The pupil hears the target word and points to the correct picture from a selection of four. It does not assess semantic organisation. Scores that fall between 85 and 115 are considered to be within the normal

English, the British Picture Vocabulary Scale: Third Edition (BPVS3), can play an important role in assessing a child's receptive (hearing) vocabulary, from as young as 3 years right up to 16 years of age. Its simple, appealing format and ease of administration belies the significance of the assessment and how it can help identify any delay in vocabulary development, even before children are in full time education.
