"Includes traditional techniques for laying concrete, as well as new materials and techniques, such as tumbled concrete pavers, acid-etching for colored concrete slabs,and important green paving options, such as rain garden arroyos and permeable pavers"--Provided by publisher.

Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews.

Applies Zen philosophies and techniques to uncovering one's talents, assessing career skills, marketing one's abilities, and conducting a job search

This book introduces the fundamental concepts of interdisciplinarity in performance, tracing its development from Futurism and Dadaism to the present. It enables students to understand the different modes of interdisciplinary performance making, and to conceive and realise performance work of their own.

The bestselling unauthorized guide that will ensure that you get the most out of the Kindle - or give you all the information you need before you decide to buy.

As healthcare, culture, and the environment remain crucial aspects of modern society, the current issues and opportunities within each sector must be examined and considered in order to ensure their success in the future. These critical fields should be studied in relation to each other as they must work in tandem to create a better society. The Handbook of Research on Interdisciplinary Studies on Healthcare, Culture, and the Environment presents innovative ideas and emerging research to highlight critical trends focusing on the relationship between healthCare, environmental wellbeing, and society and culture. Covering a range of topics such as sustainability, leadership, and food security, this reference work is ideal for industry professionals, researchers, academicians, practitioners, instructors, and students.

This practical guide is perfect for those looking to try this ancient art form for the first time! In this book, Japanese master artist Shozo Koike reveals the simple secrets of Sumi-e, offering step-by-step instructions with clear photographs and online video tutorials showing you how to paint 18 traditional subjects. Sumi-e is the meditative Japanese form of ink painting taught by Zen Buddhist monks to encourage mindfulness and an awareness of our surroundings. It uses only ink, water, a brush and paper to capture natural objects and landscapes in a vivid, spontaneous fashion. Koike begins with the basics—what to buy and how to prepare the ink in a traditional inkstone. Next, he shows you how to practice the 11 basic brushstrokes used for all Sumi-e paintings. The 19 traditional subjects taught in this book include: Flowers like orchids, chrysanthemums, camellias, roses and peonies Plants and fruits including bamboo, eggplants, grapes and chestnuts Animal figures including small birds, butterflies, chicks, crabs and goldfish Koike also explains the philosophy of Sumi-e, which emerges from the use of negative white space to enhance the painted forms. Readers will enter into a world not just of black and white, but of infinite shades of gray which are capable of evoking all the sensations of color using these techniques.

Compiles career biographies of over 1,200 artists and rock music reviews written by fans covering every phase of rock from R&B through punk and rap

It's time to go back to basics! If you're interested in art, but find that it's becoming an increasingly expensive hobby, The Organic Artist is just the book for you! The Organic Artist encourages you to return to those days when art was made with all-natural materials, like charcoal and birch bark. Immersing you in the natural world, The Organic Artist seeks to inspire creativity by connecting you to your organic roots. In addition to offering a wide variety of suggestions for using nature as supplies for art, this book also introduces the concepts of awareness and perception that are foundational to the creative process. Readers will refine drawing skills, as well as increase their appreciation for the visual arts and the natural landscape. Some of the projects and skills covered include the following: making paper and wild ink, working with soapstone, clay, wood, and rawhide, printmaking and stenciling, natural pigments and dyes, camouflage and body painting, and nature journaling.
