Review Children's ...~~

D ' Aulaires ' Book of Trolls is a companion book to D ' Aulaires ' Book of Norse Myths. Both books have the same dimensions (12" x 9"), which I greatly appreciate for vain shelf placement aesthetics. In this book, we see the nighttime side of Norse mythology, for everyone knows that trolls only come out when the sun goes down.

“ The D ’ Aulaires ’ Book of Norse Myths taught a generation about the legends on which much of literature is based. Now their D ’ Aulaires ’ Book of Trolls by Ingri and Edgar Parin d ’ Aulaire, first published in 1972, returns to print to shed light on another staple of Norway: the magical trolls, ‘ as old and moss-grown as the mountains themselves, ’ in all their diversity. ”

~~D'Aulaire, Edgar Parin ...~~

In this spectacular follow-up to their beloved Book of Norse Myths, the husband-and-wife team of Ingri and Edgar Parin d' Aulaire explore the uncanny reaches of Norse mythology, an enchanted night-world populated by trolls of all kinds—mountain trolls, forest trolls, trolls who live underwater and trolls who live under bridges, uncouth, unkempt, unbreakable, unforgettable, and invariably unbelievably ugly trolls—who work their wiles and carry on in the most bizarre and entertaining fashions.
