This book is intended to meet the requirements of the fresh engineers on the field to endow them with indispensable information, technical know-how to work in the power plant

Read PDF

Domkundwar

Industries and its

associated plants.

The book provides a thorough

understanding and

the operating

principles to solve the

elementary and the

difficult problems

faced by the modern

young engineers

while working in the

industries. This book

is written on the basis

Read PDF

of 'hands-on'

experience, sound

and in-depth

knowledge gained by

the authors during

their experiences

faced while working in

this field. The problem

generally occurs in

the power plants

during operation and

maintenance. It has

been explained in a

lucid language.
