dazzling love story filled with sizzle, sass, and just a bit of southern charm . . . "Hello, Ms. Vivian . . . it's been a long time." And with those words, Vivian Leigh Rochet nearly melted. It's been years since she last saw Harrison Whitley-Shuler. She was a teenager scrubbing houses for a living. He was the gorgeous son of rich parents, not fit for the likes of her. Vivian had vowed to get out of Charleston, become a big Hollywood star, and stick it to the snooty girls who made her cry. She got what she wanted—and more—but why does her glamorous life seem so trivial? Harrison got out too . . . making it all the way to Wall Street, until a heart attack forced him to trade in his cufflinks for a good set of hand tools. Making furniture soothes his soul, but escaping the Whitley-Shuler heritage is nearly impossible. And now he's come face-to-face with the one who got away. He's not looking for love. He's not even looking for

sex . . . so why is resisting her the hardest thing he's ever done?

The New York Times bestselling author of *The Other Lady Vanishes* presents a gripping novel of intrigue, murder, and unexpected romance set against the backdrop of Victorian London. The Kern Secretarial Agency provides reliable professional services to its wealthy clientele, and Anne Clifton was one of the finest young women in Ursula Kern ' s employ. But Miss Clifton has met an untimely end—and Ursula is convinced it was not due to natural causes. Bent on justice, Ursula hatches a plan: take Anne ' s place as stenographer to the reclusive poet Valerie, Lady Fulbrook. There are dark rumors about Lord Fulbrook, and his gloomy mansion in Mapstone Square seems the logical starting point for an undercover investigation. Archaeologist and adventurer Slater Roxton thinks

Mrs. Kern is off her head to meddle in such dangerous business. But if this mysterious widowed beauty insists on stirring the pot, Slater intends to remain close by as they venture into the darker side of polite society and a den of iniquity called the Olympus Club. Together they must reveal the identity of a killer—and to achieve their goal they may need to reveal their deepest secrets to each other as well...

By examining chanoyu - the custom of consuming matcha tea - in the Meiji period, *Gathering for Tea in Modern Japan* investigates the interactions between intellectual and cultural legacies of the Tokugawa period and the incoming influences of Western ideas, material cultures and institutions. It explores the construction of Japan's modern cultural identity, highlighting the development of new social classes, and the transformation of cultural practices and

production-consumption networks of the modern era. Taka Oshikri uses a wealth of Japanese source material - including diaries, newspaper, journal articles, maps, exhibition catalogues and official records – to explore the intricate relationships between the practice and practitioners of different social groups such as the old aristocracy, the emerging industrial elite, the local elite and government officials. She argues that the fabrication of a cultural identity during modernisation was influenced by various interest groups, such as the private commercial sector and foreign ambassadors. Although much is written on the practice of chanoyu in the pre-Tokugawa period and present-day Japan, there are few historical studies focusing on the late 19th and early 20th centuries. *Gathering for Tea in Modern Japan* thus makes a significant contribution to its field, and will be of great value to students and
