The work on the revised casualty roll has introduced a further 300 entries and this now makes the gazetteer contained within this database the most comprehensive ever for the Anglo-Boer War. Debra Chatfield, Marketing Manager at findmypast.co.uk , said: "By hosting this unique Register of the Second Anglo-Boer War, findmypast.co.uk is the only place where people can come and easily search these records online.

Britons and Anglo-Saxons offers an interdisciplinary approach to the history of the Lincoln region in the post-Roman period. It is argued that, by using all of the available evidence together, significant advances can be made in our understanding of what occurred. In particular, this approach indicates that a British polity named *Lindes was based at Lincoln into the sixth century, and that the seventh-century Anglo-Saxon kingdom of Lindsey (Old English Lindissi) had an intimate connection with this British political unit. The picture that emerges is arguably of importance not only from the perspective of the history of the Lincoln region but also nationally, helping to answer key questions regarding the origins of Anglo-Saxon kingdoms, the nature and extent of Anglian-British interaction in the core areas of Anglo-Saxon immigration, and the conquest and settlement of Northumbria. This second edition of Britons and Anglo-Saxons includes a new introduction discussing recent research into the late and

post-Roman Lincoln region.

In this companion volume to the highly successful Field Guide to the Battlefields of South Africa, the pivotal sieges that characterised the Cape Frontier, Anglo-Zulu, Basotho and Anglo-Boer wars are brought together in one volume.

Accounts of 17 sieges over the last two centuries explore in detail the historical context in which they occurred, the day-to-day military actions that sustained the investments and the conditions both soldiers and civilians faced while defending their territory against a hostile force. The siege descriptions are animated by maps, timelines and a variety of information boxes and human-interest stories, gleaned mainly from diaries, letters and eye-witness accounts, while long-form features focus on the practical aspects of siege warfare, such as artillery, medicine, food, and the psychological effects of besiegement. The book also provides practical information for visitors who wish to explore these historical sites. A fascinating read that will appeal to anyone interested in the volatile history of the country – armchair historians and travellers alike.

The second Boer War is the most important war in South African history; indeed, without it, South Africa would likely have not existed. But it's also one of the least understood conflicts of the era. Over a century of Leftist bleating and insidious, self-serving revisionism, first by Afrikaner nationalists and then by the apartheid regime, has left the layman with a completely skewed view of the war. Incredibly, most people will tell you that the British attacked the Boers to steal their gold, and that when the clueless, red-jacketed Tommies advanced under orders of bumptious, incompetent

British generals they were mowed down in their thousands. Others think of the conflict in terms of Britain against South Africa and many believe that the Boers actually won the war; the marginally more enlightened explain away the Boer defeat by claiming it took millions of British troops to beat them, or that it was only the genocide of the concentration camps which forced the plucky Boers to throw in the towel. It's all bosh. This book will take everything you thought you knew about the war and turn it on its head. From Kruger's expansionist dream of an Afrikaans empire from the Zambesi to the Cape, to the murder and devastation wrought on Natal by his invading commandos, to the savage massacres of thousands of blacks committed by the gallant bitter-einders, the reader will have his eyes opened to the brutal realities of the conflict, and be forced to reassess previously held notions of the rights and wrongs of the war. Hard-hitting and uncomfortable reading for those who do not want their bubble of ignorance burst, Kruger, Kommandos & Kak exposes that side of the Boer War which the apartheid propaganda machine didn't want you to know about.

Expert battlefields guide Nicki von der Heyde presents 71 battles covering three wars and a series of conflicts that shaped the course of South Africa's history – from the colonial clashes that characterised the 18th and 19th centuries through to the Anglo-Zulu War of 1879 and the 2nd Anglo-Boer War of 1899–1902. Informative and lively accounts of the engagements are provided, with special attention given to the context, action, outcomes and principal combatants involved. Arranged in provincial and regional order, the Field Guide to the Battlefields of South Africa includes an array of special features that allow for an enthralling and multi-layered account of the battles: • 580 images • 80 illustrated timelines • 60 fact and feature boxes •

Read PDF Gazetteer Of The Second Anglo Boer War 1899 1902

16 annotated battle maps • 10 regional locator maps • Detailed directions to each site • GPS co-ordinates for inaccessible locations. Comprehensive, compelling and vividly illustrated, the Field Guide to the Battlefields of South Africa is an indispensable tool for professional and amateur military historians as well as anyone interested in exploring South Africa's fascinating history.

The South African War (1899–1902), also called the Boer War and Anglo-Boer War, began as a conventional conflict. It escalated into a savage irregular war fought between the two Boer republics and a British imperial force that adopted a scorched-earth policy and used concentration camps to break the will of Afrikaner patriots and Boer guerrillas. In *An Imperfect Occupation*, John Boje delves into the agonizing choices faced by Winburg district residents during the British occupation. Afrikaner men fought or evaded combat or collaborated; Afrikaner women fled over the veld or submitted to life in the camps; and black Africans weighed the life or death consequences of taking sides. Boje's sensitive analysis showcases the motives, actions, and reactions of Boers and Africans alike as initial British accommodation gave way to ruthlessness. Challenging notions of Boer unity and homogeneity, Boje illustrates the precarious tightrope of resistance, neutrality, and collaboration walked by people on all sides. He also reveals how the repercussions of the war's transformative effect on Afrikaner identity plays out in today's South Africa. Readable and compassionate, *An Imperfect Occupation* provides a dramatic account of the often overlooked aspects of one of the first "modern" wars.

This comparison of the archaeological evidence from the fourth to seventh centuries AD in the Chilterns and Essex regions focuses on the considerable body of place-name

Read PDF Gazetteer Of The Second Anglo Boer War 1899 1902

data from the area. The counties of Hertfordshire, Middlesex, Essex, and parts of Buckinghamshire, Bedfordshire, and Cambridgeshire are included.

First published in 1993, this is a new revised and substantially expanded edition of a highly acclaimed reference resource that evaluates the leading sources of information (other than bibliographies) on Africa South of the Sahara.

This volume presents a comprehensive study of the urban topography of Anglo-Jewry in the period before the mass immigration of 1881. The book brings together the evidence for the physical presence of at least 80% of the Jewish community. London and thirty-five provincial cities and towns are discussed.
