ONE WILL FALL The next epic Monsterverse chapter sees legends collide as Godzilla and Kong, the two most powerful forces of nature, clash in a spectacular battle for the ages. As a squadron embarks on a perilous mission into fantastic uncharted terrain, unearthing clues to the Titans' very origins and mankind's survival, a conspiracy threatens to wipe the creatures, both good and bad, from the face of the earth forever. New York Times bestseller Greg Keyes returns once again to the Monsterverse and takes readers deeper into the worlds of Monarch, the Titans, and so much more.

This year, to mark the fiftieth anniversary of his first appearance on the screen, the original, uncut version of Godzilla was released in American theaters to the delight of Sci-Fi and B-Movie fans everywhere. Ever since Godzilla (or, Gojira, as he is known in Japan) crawled out of his radioactive birthplace to cut a swath of destruction through Tokyo, he has claimed a place alongside King Kong and others in the movie monster pantheon. He is the third most recognizable Japanese celebrity in the United States, and his fan base continues to grow as children today prove his enduring appeal. Now, Bill Tsutsui, a life-long fan and historian, takes a light-hearted look at the big, green, radioactive lizard, revealing how he was born and how he became a megastar. With humorous anecdotes, *Godzilla on My Mind* explores his lasting cultural impact on the world. This book is sure to be welcomed by pop culture enthusiasts, fans, and historians alike.
