Increasingly, modern medicine relies on so called traditional or ancient medical knowledge. Holistic practices such as adhering to proper diet, observing rules for appropriate behavior, and administering medical preparations are coupled with the latest technology and methods to treat the whole patient. In light of this trend, there is much to be gained from understanding of one of the oldest medical systems still in existence. Tibetan Medicinal Plants provides you a detailed analysis of how Tibetan plants are used in this centuries old system. The book opens with a summary of Tibetan medicine and covers the various habitats in which the plants are found. The main part of this volume encompasses 60 monographs listed by the Tibetan plant name. Each monograph consists of several chapters addressing different topics related either to the Tibetan or the Western approach. Most of the monographs contain a description of the macroscopic and microscopic characteristics of the used plant parts, and anatomical features of 76 plants are provided. Each monograph presents an overview of the known chemical constituents and pharmacological properties of each plant and describes their use in Tibetan medicine. In contrast to other publications on Tibetan medicine, where translations of the Tibetan terms are given in other languages, this book treats the Tibetan word as a technical term, keeps the Tibetan term and explains its meaning, lessening confusion by reducing the number of translations. Traditional Tibetan medicine has been in existence for centuries. Curative practices existed in the prebuddistic era, and the art of healing developed more than 2500 years ago. Tibetan Medicinal Plants provides a comprehensive overview of all plant types, thus making it easier to grasp the Tibetan concept. It gives you a comprehensive look at this centuries old science.

UPPSC/STATE PSU/PSC/IES-AE MECHANICAL ENGINEERING CHAPTER-WISE SOLVED PAPERS

This MCQ book of GPSC (Gujarat Public Service Commission) for Civil Engineering contains a variety of fully solved multiple choice questions, based on the latest pattern of GPSC exams. Self-assessment test is given chapter-wise to check the knowledge grasped by the student. Three Periodic Tests which include Pen Paper Test and Multiple Assessment is given as a part of internal assessment. Five Model Papers are also provided to prepare the student for the examination.

Globally, women are facing social, economic, and cultural barriers impeding their autonomy and agency. Accelerated women empowerment programs often fail to attain their targets as envisaged by the policymakers due to a variety of reasons, with the most prominent being the deep-rooted cultural norms ingrained within society. In the era of globalization, empowerment of women demands new approaches and strategies that encourage the mainstreaming of gender equality as a societal norm. The Handbook of Research on New Dimensions of Gender Mainstreaming and Women Empowerment is a critical scholarly publication that examines global gender issues and new strategies for the promotion of women empowerment and gender mainstreaming in various spheres of women?s lives, including education and ICT, economic participation, health and sexuality, mental health, aging, law and judiciary, leadership, and decision making. It provides a comprehensive coverage of all major gender issues with novel ideas on gender mainstreaming being contributed by men and women authors from multidisciplinary backgrounds. Gender perspective and intersectional approach in the discourses make this handbook a unique contribution to the scholarship of social sciences and humanities. The book provides new theoretical inputs and practical directions to academicians, sociologists, social workers, psychologists, managers, lawyers, policy makers, and government officials in their efforts at gender mainstreaming. With a wide range of conceptual richness, this handbook is an excellent reference guide to students and researchers in programs pertaining to gender/women's studies, cultural studies, economics, sociology, social work, medicine, law, and management.

Arihant has come up with a revised edition of a compendium of over 14000 questions which will significantly improve the knowledge of aspiring students by providing them with ready and reliable practice material for General Studies. The book has been designed for the apsirants preparing for IAS (CSAT), State PCS, CDS, NDA and other competitive examinations.The revised edition of this question bank focuses on Indian History & Culture, India & World Geography (Env & Eco), Indian Polity, Indian Economy, General Science, Science & Technology, General Knowledge and Current Affairs. The book contains the collection of over 14000 questions covering General Studies. The History section covers ancient, medieval and modern history whereas the Geography section covers world geography, Indian geography and environment & ecology. The General Science section covers Physics, Chemistry, Biology and Science & Technology.The questions covered in the book contain answers side by side to help aspirants evaluate themselves after attempting a certain number of questions. Also the questions asked in recent years' General Studies examinations have been provided in the book with authentic and detailed solutions to help aspirants get an insight into the recent examination pattern and the types of questions asked therein. Each chapter in the book contains a variety of questions according to the latest pattern Assertion-Reason, Matching, Multi-Statements, Arrangements, Pairing, etc. Also more than 500 questions based on Current Affairs have been provided in the book to give an additional advantage to the aspirants.As the book contains ample number of objective questions which have been designed for students of various competitive examinations, it for sure will act as the best preparation material for general studies for UPSC (CSAT), State PCS, CDS, NDA, etc.
