Be Faithful Unto Death is the moving story of a bright and sensitive schoolboy growing up in an old-established boarding school in the city of Debrecen in eastern Hungary. Misi, a dreamer and would-be writer, is falsely accused of stealing a winning lottery ticket. The torments through which he goes - and grows - are superbly described, and Stephen Vizinczey's new translation unleashes the full power of Moricz's prose. First published in 1921, the novel is brimming with vivid detail from the provincial life that Moricz knew so well, and shot through with a sense of the tragic fate of a newly truncated Hungary. Yet the quality of the experience captured here is universal. The author's uncanny ability to rediscover for us precisely what it feels like to be that child makes this portrait of the artist as a young boy not merely a Hungarian but a European classic.

In the West Krishna is primarily known as the speaker of the Bhagavad Gita. But it is the stories of Krishna's childhood and his later exploits that have provided some of the most important and widespread sources of religious narrative in the Hindu religious landscape. This volume brings together new translations of representative samples of Krishna religious literature from a variety of genres -- classical, popular, regional, sectarian, poetic, literary, and philosophical.

In 1830 a farmer plowing a field near the village of Berthouville in Normandy, France, discovered a trove of ancient Roman silver objects weighing some 55 pounds (25 kilograms). The Berthouville treasure, as the find came to be known, includes two statuettes representing the Gallo-Roman god Mercury and approximately sixty vessels—bowls, cups, pitchers, and plates, many of which bear votive inscriptions—along with dozens of smaller components and fragments. Dedicated to Mercury by various individuals, the treasure, including some of the finest ancient Roman silver to survive, fortunately escaped being melted down. It was acquired by the Cabinet des médailles et antiques of the Bibliothèque Royale (now the Département des Monnaies, médailles et antiques of the Bibliothèque nationale de France), where it was displayed until late 2010, when it was brought in its entirety to the Getty Villa together with four large, late antique silver plates, each with its own colorful history, for comprehensive conservation treatment. This sumptuously illustrated volume is published to accompany an exhibition of the same name, opening at the Getty Villa on November 18, 2014. It presents the highlights of the treasure and other Roman luxury arts from the holdings of the Cabinet des médailles—including precious gems, jewelry, gold coins, and colored marbles—and contextualizes them in a series of elucidating essays.

From the author of *The Door*, a beloved coming-of-age tale set in WWII-era Hungary. Abigail, the story of a headstrong teenager growing up during World War II, is the most beloved of Magda Szabó ' s books in her native Hungary. Gina is the only child of a general, a widower

who has long been happy to spoil his bright and willful daughter. Gina is devastated when the general tells her that he must go away on a mission and that he will be sending her to boarding school in the country. She is even more aghast at the grim religious institution to which she soon finds herself consigned. She fights with her fellow students, she rebels against her teachers, finds herself completely ostracized, and runs away. Caught and brought back, there is nothing for Gina to do except entrust her fate to the legendary Abigail, as the classical statue of a woman with an urn that stands on the school ' s grounds has come to be called. If you ' re in trouble, it ' s said, leave a message with Abigail and help will be on the way. And for Gina, who is in much deeper trouble than she could possibly suspect, a life-changing adventure is only beginning. There is something of Jane Austen in this story of the deceptiveness of appearances; fans of J.K. Rowling are sure to enjoy Szabó ' s picture of irreverent students, eccentric teachers, and boarding-school life. Above all, however, Abigail is a thrilling tale of suspense.

The new edition of this insightful work begins with a critical reexamination of the rival Greek and British claims to the Elgin Marbles. That case study identifies the questions that continue to dominate the growing international debate about cultural property policy and which are subsequently explored in a newly expanded array of essays. The work goes on to pay particular attention to the law and policy relating to cultural property export controls and the evolution and development of the 1995 UNIDROIT Convention on the Return of Stolen and Illegally Exported Cultural Property. The second part of this highly regarded book addresses a number of contemporary art law issues in essays on counterfeit art, the moral
