It was David Sousa ' s How the Brain Learns book Series that is now in its 4th Edition (that includes How the Brain Learns, How the Brain Learns to Read, How the Gifted Brain Learns, and How the Special Needs Brain Learns) that I was given by an educator when I was urged to add the most current brain research to my programs. When reading this series, I was told from other respected colleagues that this book series is one that every educator should read.
