In his international bestseller The Game, Neil Strauss delved into the secret world of pickup artists—men who have made a science out of the art of seduction. Now, in this bestselling companion book, Strauss breaks down the knowledge he learned and techniques he invented into simple step-by-step instructions that anyone can follow to have success with women.

Featuring all new material not included in the print edition, including: two deleted chapters, the contents of Neil’s Bugout Bag, a disaster survival cheat sheet on how to survive 35 catastrophic events, and ten emergency-preparedness myths that can kill you. Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. **I’ve started to look at the world through apocalypse eyes.** So begins Neil Strauss’s harrowing new book: his first full-length worksince the international bestseller The Game, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanesh-and now of world financial meltdown—Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that’s lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked The Game, The Dirt, and How to Make Love Like a Porn Star, Emergency traces Neil’s white-knuckled journey through today’s heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It’s a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It’s one man’s story of a dangerous world-and how to stay alive in it. Before the next disaster strikes, you’re going to want to read this book. And you’ll want to do everything it suggests. Because tomorrow doesn’t come with a guarantee...

Hidden somewhere, in nearly every major city in the world, is an underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author, spent two years living among them, using the pseudonym Style to protect his real-life identity. The result is one of the most explosive and controversial books of the year -- guaranteed to change the lives of men and transform the way women understand the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange -- and passions lead to betrayals lead to violence. The Game is the story of one man's transformation from frog to prince -- to prisoner in the most unforgettable book of the year.

NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself advocating freedom, sex and opportunity as the author of The Game. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about love, sex, relationships and, ultimately, himself. The Truth may have the same effect on you.

The notorious international bestseller. In The Game, New York Times and Rolling Stone journalist Neil Strauss reveals the bizarre world of the pick-up artist (PUA)—men who devote their lives to mastering the techniques of seducing women. Neil Strauss spent two years travelling in what is known as the 'seduction community', a secret society of men committed to becoming PUAs. He entered a world of bizarre and compelling characters, night after night approaching countless new 'targets' until he had developed the ability to connect, almost immediately, with any woman who crossed his path. Within a matter of months, Neil Strauss—once a self-described average frustrated chump (AFC)—had transformed himself into Style, the king of the PUAs. Hysterical and harrowing by turns, filled with cameos from Britney Spears, Paris Hilton, Tom Cruise, Courtney Love, Heidi Fleiss, and others, The Game is the story of what happens when one man harnesses the power to seduce the most desirable women in the world—only to fall head over heels for a woman who can beat him at his own game.

If you want to play the Game, you’ve got to know the Rules. In his international bestseller The Game, Neil Strauss delved into the secret world of pick-up artists—men who have created a science out of the art of seduction. Not only did he reveal the techniques that they had developed, but he became a master of The Game, and the world’s No. 1 PUA, as Style. Now, in this bestselling companion, Strauss reduces three books of life-changing knowledge into a single-volume set. The first book, The Stylelife Challenge, breaks down the knowledge he learned and techniques he invented into simple step-by-step instructions that anyone can follow to meet and land the women of their dreams. In the second book, Strauss takes readers into the dark side of The Game. The Style Diaries offers a series of tales of seduction and sexual (mis)adventure. From accidentally getting married during a drunken night in Reykjavik, to luring a famous musician’s granddaughter into a threesome, to the stress and frustration of the torturous and highly unorthodox "30 Day Sex Experiment," The Style Diaries takes you further into the seduction underworld than ever before. Finally, in the all-new, updated third volume, Strauss collects the greatest, most powerful, field-tested, word-for-word routines. You don’t need money, looks, or fame to succeed with women. All you need is an understanding of how attraction works—and this thirty-day workout program for your social skills, which has already guided countless men from frustration to fulfillment.

In the mid-2000s, nightclubs in cities like New York, Los Angeles, London, and Melbourne became packed with well-dressed, toned, and tanned men, all spouting the same pickup lines. For these self-proclaimed pickup artists, the goal was not just to take home girls, but to become the world’s leading guru in the art of seduction... Purchase this in-depth summary to learn more.

"The funniest book I have read this year." Tony ParsonsThe Game recounts the incredible adventures of an everyday man who transforms himself from a shy, awkward writer into the quick-witted, smooth-talking Style, a character irresistible to women.But just when life is better than he could have ever dreamed (he uses his techniques on Britney Spears, receives life coaching from Tom Cruise, moves into a mansion with Courtney Love and is officially voted the World’s Number One Pickup Artist) he falls head over heels for a woman who can beat him at his own game.

Neil Strauss became famous to millions around the world as the author of The Game, a funny and slyly instructive account of how he transformed himself from a scrawny, insecure nerd into the ultra-confident, ultra-successful “pickup artist” known as Style. The book jump-started the international “seduction community,” and made Strauss a household name—revered or notorious—among single men and women alike. But the experience of writing The Game also transformed Strauss into a man who could have what every man wants: the ability to date or have casual sex with almost every woman he met. The results were heady, to be sure. But they also conditioned him to view the world as a kind of constant parade of women, sex, and opportunity—with intimacy and long-term commitment taking a back seat. That is, until he met the woman who forced him to choose between herself and the parade. The choice was not only difficult, it was wrenching. It forced him deep into his past, to confront not only the moral dimensions of his pickup lifestyle, but also a wrenching mystery in his childhood that shaped the man that he became. It sent him into extremes of behavior that exposed just how conflicted his life had become. And it made him question everything he knew about himself, and about the way men and women live with and without each other. He would never be the same again. Searingly honest, compulsively readable, this book may have the same effect on you.

Neil Strauss can uncover the naked truth like nobody else. With his groundbreaking book The Game, Strauss penetrated the secret society of pickup artists.
