Mood mapping simply involves plotting how you feel against your energy levels, to determine your current mood. Dr Liz Miller then gives you the tools you need to lift your low mood, so improving your mental health and wellbeing. Dr Miller developed this technique as a result of her own diagnosis of bipolar disorder (manic depression), and of overcoming it, leading her to seek ways to improve the mental health of others. This innovative book illustrates: * The Five Keys to Moods: learn to identify the physical or emotional factors that affect your moods * The Miller Mood Map: learn to visually map your mood to increase self-awareness * Practical ways to implement change to alleviate low mood Mood mapping is an essential life skill; by giving an innovative perspective to your life, it enables you to be happier, calmer and to bring positivity to your own life and to those around you. ‘ A gloriously accessible read from a truly unique voice ’ Mary O ’ Hara, Guardian ‘ It ’ s great to have such accessible and positive advice about our moods, which, after all, govern everything we do. I love the idea of MoodMapping ’ Dr Phil Hammond ‘ Can help you find calm and take the edge off your anxieties ’ Evening Standard ‘ MoodMapping is a fantastic

tool for managing your mental health and taking control of your life ' Jonathan Naess, Founder of Stand to Reason

This is a collection of primary source documents in American religious history.

The March 2018 British National Formulary (BNF 75) is your essential reference book for prescribing, dispensing, and administering medicines.

Doctrine and Race examines the history of African American Baptists and Methodists of the early twentieth century and their struggle for equality in the context of white Protestant fundamentalism. By presenting African American Protestantism in the context of white Protestant fundamentalism, *Doctrine and Race: African American Evangelicals and Fundamentalism between the Wars* demonstrates that African American Protestants were acutely aware of the manner in which white Christianity operated and how they could use that knowledge to justify social change. Mary Beth Swetnam Mathews ' s study scrutinizes how white fundamentalists wrote blacks out of their definition of fundamentalism and how blacks constructed a definition of Christianity that had, at its core, an intrinsic belief in racial equality. In doing so, this volume challenges the prevailing scholarly argument that fundamentalism was either a doctrinal debate or an antimodernist force. Instead, it was a constantly shifting set of priorities for different groups at different times. A number of African American theologians and clergy identified with many of the doctrinal tenets of the fundamentalism of their white counterparts, but African Americans were excluded from full fellowship with the fundamentalists because of their race. Moreover, these scholars and pastors did not limit themselves to traditional evangelical doctrine but embraced progressive theological concepts, such as the Social Gospel, to help them achieve racial equality. Nonetheless, they identified other forward-looking theological views, such as modernism, as threats to " true " Christianity. Mathews demonstrates that, although traditional portraits of " the black church " have provided the illusion of a singular unified organization, black evangelical leaders debated passionately among themselves as they sought to preserve select aspects of the culture around them while rejecting others. The picture that emerges from this research creates a richer, more profound understanding of African American denominations as they struggled to contend with a white American society that saw them as inferior. *Doctrine and Race* melds American religious history and race studies in innovative and compelling ways, highlighting the remarkable and rich complexity that attended to the development of African American Protestant movements.

Filled with recipes that have stood the test of time as well as fascinating anecdotes and tales, *Tea Fit for a Queen* reveals how the tradition of afternoon tea started in royal Britain. Over 40 charming recipes include everything from delicate finger sandwiches to Victoria sponge cake, Chelsea Buns and a Champagne Cocktail. In these pages learn about the infamous royals and their connection to the history of tea; why jam pennies were Queen Elizabeth II's favourite tea time treat and how mead cake came to be served during Henry VIII's reign. Discover what cake William and Catherine selected for their wedding and hear why orange-scented scones became a royal tradition at Kensington Palace. *Tea Fit for a Queen* presents a taste of palace etiquette to take home.

W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities

and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.

Rethinking Zion documents the process by which the South received its fundamentalist label and chronicles the forces at work in creating the image of the South as the Bible Belt.

This is a story which will make your heart sing - a story for all the family to read together. Young Judy discovers an unexpected package in her grandfather's old study. She has never met her grandfather (Poppy) as he died before she was born, but Judy is the one to unearth the puzzle which Poppy left for his family. To find the treasure which Poppy left, the family must first solve every riddle which he wrote on a beautiful scroll, and carefully wrapped in a rich purple velvet bag. Unless they solve the puzzles, they won't find the treasure. See if you can solve the puzzles before the family does. What has Poppy left them as an inheritance? Have fun with the story and enjoy the Omega Prize at the end.
