Unit Description. The student will solve contextual problems using whole numbers. All student learning outcomes for this unit must be completed without the use of a calculator.

Community Colleges in Virginia require new students to take a test for math placement. Often students do poorly on this test just because they are not prepared – and then they may get set back a semester or even a year taking developmental math. This book explains the answers to the practice questions for the Virginia Community College System's math placement test (for the developmental math section only). Use it to prepare for the test so you can get the score you need to start college taking the math you want. Note: The questions whose answers are explained in this book are not included. To use the book you will need to use the Internet to see the questions. (Or email the author, who will send the questions to you.)

In 1962 the poet, musician, and performer Maya Angelou claimed another piece of her identity by moving to Ghana, joining a community of "Revolutionist Returnees" inspired by the promise of pan-Africanism. All God's Children Need Walking Shoes is her lyrical and acutely perceptive exploration of what it means to be an African American on the mother continent, where color no longer matters but where American-ness keeps asserting itself in ways both puzzling and heartbreaking. As it builds on the personal narrative of I Know Why the Caged Bird Sings and Gather Together in My Name, this book confirms Maya Angelou's stature as one of the most gifted autobiographers of our time.

Getting Ready for the 4th Grade Assessment Test: Help Improve Your Child's Math and English Skills – Many parents are expressing a demand for books that will help their children succeed and excel on the fourth grade assessment tests in math and English –especially in areas where children have limited access to computers.
