Written by the foremost experts in maternity and pediatric nursing, Maternal Child Nursing Care, 5th Edition offers the accurate, practical information you need to succeed in the classroom, the clinical setting, and on the NCLEX® examination. This new edition offers numerous content updates throughout the text to keep you up-to-date on the latest topics and best practices. Plus hundreds of illustrations, alert boxes, and tables clarify key content and help you quickly find essential information. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, supply resources and guidance, and illustrate nursing care in a variety of settings. Critical thinking case studies offer opportunities to test and develop your analytical skills and apply knowledge in various settings. Emergency boxes in the maternity unit guide you through step-by-step emergency procedures. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Family-Centered Care boxes highlight the needs or concerns of families that you should consider to provide family-centered care. NEW! Content updates throughout the text give you the latest information on topics such as the late preterm infant, fetal heart rate pattern identification, obesity in the pregnant woman, shaken baby syndrome/traumatic brain injury, Healthy People 2020, car restraints, immunizations, and childhood obesity. NEW! Updated Evidence-Based Practice boxes including QSEN KSAs (knowledge, skills, attitudes) provide the most current practice guidelines to promote quality care. NEW! Medication Alerts stress medication safety concerns for better therapeutic management. NEW! Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice.

Get the accurate, practical information you need to succeed in the classroom, the clinical setting, and on the NCLEX-RN® examination. Written by the foremost experts in maternity and pediatric nursing, the user-friendly Maternal Child Nursing Care, 6th Edition provides both instructors and students with just the right amount of maternity and pediatric content. This new edition includes updated case studies within Nursing Care Plans, as well as a new chapter on pediatric cancer. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Critical thinking case studies offer you opportunities to test and develop your analytical skills and apply knowledge in various settings. Nursing Care Plans include rationales for interventions and provide you with an overview and specific guidelines for delivering effective nursing care. Nursing Alerts highlight critical information that you need to know when treating patients. Guidelines boxes outline nursing procedures in an easy-to-follow format. Emergency boxes in the maternity unit guide you through step-by-step emergency procedures. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, provide resources and guidance, and illustrate nursing care in a variety of settings. Patient Teaching boxes in the maternity unit highlight important information nurses need to communicate to patients and families. Cultural Competence boxes equip you with the knowledge you need to deliver culturally competent care. Family-Centered Care boxes draw attention to the needs or concerns of families that you should consider to provide family-centered care. Medication Guides serve as an important reference of drugs and their interactions. NEW! New chapter on pediatric cancer gives you the most up-to-date information on the latest topics. EXPANDED! Additional information on sexuality in the maternity section. EXPANDED! More content on spirituality in the family, culture, and spiritual chapters. EXPANDED and UPDATED! New content about LBGTQ+ included in the Transition to Parenthood chapter. NEW! Information on victims of sexual abuse as parents and human trafficking helps prepare you to handle these delicate issues. NEW and UPDATED! Case studies emphasize interprofessional care, demonstrating how nursing must collaborate with other health care disciplines to provide the most comprehensive care possible to women and children. UPDATED! Nursing Care Plans now incorporate case studies to personalize interventions and promote critical thinking.

Master content from the textbook with this helpful study tool! Designed to accompany Perry's Maternal Child Nursing Care, 4th Edition, this workbook will assist students in understanding and applying material from each chapter in the text.

This title includes additional digital media when purchased in print format. For this digital book edition, media content is not included.

An essential resource for any nursing student, this invaluable guide gives you the tools you need to overcome test anxiety and develop effective study habits. Key topics include time management, critical thinking, and problem solving, with tips to help you tackle any nursing test — from a routine quiz to the NCLEX® examination. You' ll learn how to confidently evaluate and identify the correct answer for a variety of test question types, including alternate item formats, with chapters on the nursing process, prioritization methods, and safety strategies. This title includes additional digital media when purchased in print format. For this digital book edition, media content may not be included. Coverage of detailed critical thinking methods offer valuable clues to help you analyze and uncover the correct answer option for all question types, including multiple-choice, true-or-false, and alternate item-format questions. Chapters on specific question content, such as prioritization, pharmacology, management, and delegation, provide numerous examples to prepare you for higher cognitive level questions. A fun, two-color design features cartoons and bold designs to help visual learners become better overall test-takers. Linda Silvestri' s hallmark Pyramid Points in the margins highlight the most important concepts you need to learn for exam success. Refocused content emphasizes comprehensive test preparation to help you develop, refine, and apply the reasoning skills you need to succeed throughout nursing school and on the NCLEX® examination. A new chapter on reducing test anxiety offers simple strategies you can use to control test-induced stress and gain the confidence you need to pass exams. A new chapter on developing a structured study plan provides helpful tips for improving time management for more efficient exam preparation.

Updated to reflect the most current NCLEX(r) test plans, Saunders 2014-2015 Strategies for Test Success: Passing Nursing School and the NCLEX Exam, 3rd Edition helps you learn the reasoning skills you need to pass any nursing test from routine quizzes to the NCLEX examination. It offers strategies for time management, critical thinking, and problem solving, and includes realistic, NCLEX exam-style practice questions and tests. This edition adds new study tips and hints, and expands its coverage of alternate item format questions. Written by Linda Anne and Angela Silvestri, this essential resource gives you the tools you need to overcome test anxiety and prepare for NCLEX success. 1,000 online practice questions allow you to apply the strategies learned from the text in a realistic testing environment. An emphasis on comprehensive test preparation helps you develop, refine, and apply the reasoning skills you need to succeed throughout nursing school and on the NCLEX examination. Chapters on specific question content such as prioritization, pharmacology, and delegation provide numerous examples to prepare you for higher-level questions. A "Developing Study Skills" chapter provides helpful tips on improving time management for more efficient exam preparation. Helpful "Tips for the Beginning Nursing Student" highlight the most important concepts needed for exam success. UPDATED and UNIQUE! "Test-Taking Strategies Icons" highlight topics you may review for further remediation in "Saunders Strategies for Test Success" and "Saunders Comprehensive Review for the NCLEX Exam." New! 500 more practice questions have been added to the Evolve companion website, bringing the total to 1,000 questions. Expanded coverage of alternate item format questions includes a NEW chapter with explanations and strategies for analyzing and answering these questions, updated practice questions, and a special icon highlighting these question types.

*Reflects the new 2010 test plan"--P. [4] of cover.

Often called the "the best NCLEX® exam review book ever," Saunders Comprehensive Review for the NCLEX-RN® Examination provides everything you need to prepare for the NCLEX exam — complete content review and over 5,100 NCLEX examination-style questions in the book and online. Don't make the mistake of assuming the quality of the questions is the same in all NCLEX exam review books, because only this book includes the kind of questions that consistently test the critical thinking skills necessary to pass today's NCLEX exam. Even better, all answers include detailed rationales to help you learn from your answer choices, as well as test-taking strategies with tips on how to best approach each question. Written by the most trusted name in NCLEX review, Linda Anne Silvestri, and updated to reflect the most current NCLEX test plan, Comprehensive Review for the NCLEX-RN® Examination, 6th Edition is THE book of choice for NCLEX examination. But don' t just take our word for it — read any customer review or ask your classmates to see why there's nothing else like it! UNIQUE! A detailed test-taking strategy and rationale is included for each question, offering clues for analyzing and uncovering the correct answer option, and guiding you to remediation in Saunders Strategies for Test Success: Passing Nursing School and the NCLEX® Exam and Saunders Comprehensive Review for the NCLEX-RN® Exam. UNIQUE! Priority Nursing Action boxes list actions for clinical emergent situations requiring immediate action, including a detailed rationale and textbook reference. All alternate item-format questions are included, with multiple response, prioritizing, fill-in-the-blank, figure/illustration, chart/exhibit, video, and audio questions to provide practice with prioritizing, decision-making, and critical thinking skills. UNIQUE! Pyramid Alert boxes spotlight important nursing concepts and procedures, and include tips and shortcuts for remembering key information. Exam preparation chapters include test-taking strategies, the CAT format, transitional issues for the foreign-educated nurse, and the NCLEX-RN exam from a new graduate's perspective. A comprehensive exam consists of 85 questions that cover all content areas in the book and mirror the percentages identified in the NCLEX-RN examination test plan. NEW and UNIQUE! A summary of key changes to the 2013 NCLEX-RN test plan is included in the front of the book. New! More practice questions have been added to the book and online, bringing the total to 5,172 questions. New! Tracking of practice results on the Evolve companion website makes it easy to check your progress.

This truly unique, bestselling review and preparation resource offers the perfect combination of core content review, practice questions with comprehensive rationales, and detailed test-taking strategies and tips. Throughout the book, you' ll find Linda Silvestri' s hallmark Pyramid to Success learning features, which highlight key information, and more than 1,000 high-quality review questions that mirror the latest NCLEX-PN® test plan. The companion CD contains all of the questions from the book, plus over 2,600 additional practice questions in a flexible electronic format that allows you to customize your study experience and focus on those areas you need to review the most. Twelve pharmacology chapters, a medication and intravenous calculation chapter, and a pediatric medication administration chapter prepare you for the increase in pharmacology questions on the exam. 3,700 practice questions in the text and companion CD provide ample testing practice in both print and electronic format. Covers all types of alternate item format questions, including prioritizing, decision-making, and critical thinking to help you prepare for this crucial component of the exam. UNIQUE! The companion CD offers 3,700 practice questions that you can answer in both a study mode and an exam mode, as well as the option to answer only alternate item format questions or focus on questions in a specific area of nursing content, client needs, nursing process, or cognitive level. UNIQUE! Linda Silvestri' s hallmark test-taking strategies for each question offer important clues for analyzing and uncovering the correct answer option. UNIQUE! Page references to Mosby or Saunders textbooks provide specific resources for further study and self-remediation. Each question is categorized by cognitive level, client needs area, integrated process, and clinical content area to allow you to focus on your area of weakness. Pyramid Terms at the beginning of each chapter give you a quick preview of key content. Pyramid Points throughout the content outlines highlight content that typically appears on the exam. Pyramid to Success sections at the beginning of each chapter or major unit of the book provide an overview of the chapter, guidance and direction regarding the focus of review in each content area, and its relative importance to the most recent NCLEX-PN® test plan. A comprehensive exam in the text features 85 questions related to all content areas and parallels the percentages identified in the NCLEX-PN® test plan. Completely updated content reflects the April 2008 NCLEX-PN® test plan, so you can be sure you' re using the most current information to prepare for the exam. A user-friendly, 2-color design helps you focus your studying on the most important information. Additional illustrations visually demonstrate key concepts to help improve your retention and recall for the exam. Audio questions on heart and lung sounds familiarize you with this anticipated new type of alternate item format question.
