## ~~The Selection of a Selecting The Research Approach Proper~~

When the researcher desires to choose members selectively, non-probability sampling is considered. Both sampling techniques are frequently utilized. However, one works better than others depending on

# Download Free Research Paper

research needs.

Qualitative and  
Quantitative  
Research. In

Qualitative research,  
non-numerical data is  
used to study  
elements in their  
natural settings. This  
helps to interpret and  
measure how these  
elements affect  
humans or other living  
beings.
