This is the second book in the Complete Piano Player course and is every bit as rewarding as the first. You will learn how to play songs by Elvis Presley, Rod Stewart, The Beatles and more, while introducing new notes for both hands, extending past the range of the original five-finger position. Letter names will appear alongside new notes only. Carefully follow the lessons and you will find you have learned all about accidentals, chord symbols, dotted rhythms and wrist staccato, as well as having increased your repertoire and grown as a musician. Remember playing little and often is the best way to make rapid progress and become the complete piano player.
