series, personalized dials, special series, vintage advertisements, box, papers, Oysterquartz Day-Date, 18200 and 18300 series, Day-Date II, Day-Date 40 and much more. We can read from an official Rolex document: « THE BIRTH OF THE "DATEJUST" AND THE "DAY-DATE" Not satisfied with having realized a selfwinding waterproof watch, we decided to dedicate ourselves to studying the calendar watch. This is how the "Datejust", which clearly indicates the date on the dial in a small aperture with a Cyclops lens which enlarges it so as to make it easier to read, was born. The next stage was the launch of the "Day-Date", a perfected model which also indicates, with letters, the days of the week. The day and the date automatically change every evening at midnight. » These are the words of Roger Federer, a living tennis legend, about his Day-Date II: "The reason I like my Day-Date so much is because it is a legendary watch, elegant but with a certain spirit, with a touch of modernity added to its stylish black dial".
