"Social Conflicts in the Roman Republic" is a decent sketch of Roman history from the early Republic until Augustus. Don't let the title fool you - it's pretty much straight-up political history with a slightly social bent. The book is short (only 164 pp.) but well written and occasionally insightful.

In this book P. A. Brunt is concerned with social conflicts throughout the history of the Roman Republic. While his main emphasis is on the discontents of the rural and urban poor, he also discusses the internal struggles within the propertied class, for at times it was among sections of the propertied class, denied the political power or social esteem to which they aspired, that the poor found support against the narrow ruling oligarchy.

Major social changes and dislocations accompanied the demographic shifts and economic development. Relations between rich and poor in Rome had traditionally been structured by the bond existing between patron and client. In the daily morning ritual of the salutatio, humble Romans went to pay their respects in the houses of senators, who were obligated to protect them.
