Statistics: The Art and Science of Learning from Data ...

Is Statistics Science or Art. Subject: Business, Business Statistics Topic: Assignment. Science refers to a systematized body of knowledge. It studies cause and effect relationship and attempts to make generalization in the form of science principles or laws. Statistics is an art as well as a science, so it ' s important to use it as you would any other tool: you have to know what you want to get out of your statistics before you can choose the right way to apply them.
