Originally published in 1964, this is the “enthraling...truly remarkable” (The New York Times Book Review) insider account of the Cold War spy exchange that is now the subject of the major motion picture Bridge of Spies by Steven Spielberg starring Tom Hanks—with a new foreword by Jason Matthews, New York Times bestselling author of Red Sparrow and Palace of Treason. In the early morning of February 10, 1962, James B. Donovan began his walk toward the center of the Glienicke Bridge, the famous “Bridge of Spies” which then linked West Berlin to East. With him, walked Rudolf Ivanovich Abel, master spy and for years the chief of Soviet espionage in the United States. Approaching them from the other side, under equally heavy guard, was Francis Gary Powers, the American U-2 spy plane pilot famously shot down by the Soviets, whose exchange for Abel Donovan had negotiated. These were the strangers on a bridge, men of East and West, representatives of two opposed worlds meeting in a moment of high drama. Abel was the most gifted, the most mysterious, the most effective spy in his time. His trial, which began in a Brooklyn United States District Court and ended in the Supreme Court of the United States, chillingly revealed the methods and successes of Soviet espionage. No one was better equipped to tell the whole absorbing history than James B. Donovan, who was appointed to defend one of his country's enemies and did so with scrupulous skill. In Strangers on a Bridge, the lead prosecutor in the Nuremburg Trials offers a clear-eyed and fast-paced memoir that is part procedural drama, part dark character study and reads like a noirish espionage thriller. From the first interview with Abel to the exchange on the bridge in Berlin—and featuring unseen photographs of Donovan and Abel as well as trial notes and sketches drawn from Abel's prison cell—here is an important historical narrative that is “as fascinating as it is exciting” (The Houston Chronicle).

Featuring a new foreword by Jason Matthews With the Cold War at its height, the capture and trial of Colonel Abel, the Soviets' most capable and effective spy, revealed the chilling depths of the KGB's penetration of the West. But when an American U-2 spy plane was shot down over Russia and its CIA pilot, Gary Powers, captured, both men's fates hung in the balance. With East and West staring each

'In my world, the word inspirational gets bandied around a lot, but Jonny Benjamin is truly deserving of that adjective.' – HRH The Duke of Cambridge In 2008, twenty-year-old Jonny Benjamin stood on Waterloo Bridge, about to jump. She should never have saved him.

The dramatic events behind the film Bridge of Spies. Bridge of Spies is a gripping, entertaining, hair-raising and comical story, which moves effortlessly from the hardware of high-flying planes and new missiles to the geopolitics of the nuclear stand-off and through the poignant personal stories of its central protagonists: Powers, the all-American hero, blacklisted for not having killed himself on his descent to earth; a KGB spy who has spent aimless and lonely years achieving nothing in the US; and the opposing leaders Khrushchev and Eisenhower, both trapped in a spiral of confrontation neither wants. Telling the true story that inspired Le Carré's famous scene, Bridge of Spies is a brilliant take on the absurdity and heroism of the Cold War days that will appeal to a new generation of readers unfamiliar with the history but drawn in by the compelling and vividly recreated narrative.

This brilliant, New York Times bestselling novel from the author of the Newbery Medal winner When You Reach Me explores multiple perspectives on the bonds and limits of friendship. Emily's new curves are attracting attention, and Tab is suddenly a member of the Human Rights Club. And then there's Bridge. She's started wearing cat ears and is the only one who's still tempted to draw funny cartoons on her homework. It's also the beginning of seventh grade for Sherm Russo. He wonders: what does it mean to fall for a girl—as a friend? By the time Valentine's Day approaches, the girls have begun to question the bonds—and the limits—of friendship. Can they grow up without growing apart? The trial of Soviet espionage agent, Rudolf Abel, that ended in his exchange for U-2 pilot, Francis Gary Powers.

"Durastanti casts the universal drama of the family as the sieve through which the self—woman, artist, daughter—is filtered and known." —Ocean Vuong  
A work of fiction about being a stranger in your own family and life. Every family has its own mythology, but in this family none of the myths match up. Claudia's mother says she met her husband when she stopped him from jumping off a bridge. Her father says it happened when he saved her from an attempted robbery. Both parents are deaf but couldn't be more different; they can't even agree on how they met, much less who needed saving. Into this unlikely yet somehow inevitable union, our narrator is born. She comes of age with her brother in this strange, and increasingly estranged, household split between a small village in southern Italy and New York City. Without even sign language in common – their parents have not bothered to teach them – family communications are chaotic and rife with misinterpretations, by turns hilarious and devastating. An outsider in every way, she longs for a freedom she's not even sure exists. Only books and punk rock—and a tumultuous relationship—begin to show her the way to create her own mythology, to construct her own version of the story of her life. Kinetic, formally dazzling, and spectacularly original, this book is a funny and profound portrait of an unconventional family that makes us look anew at how language shapes our understanding of ourselves.

Two teenagers, strangers to each other, have decided to jump from the same bridge at the same time. But what results is far from straightforward in this absorbing, honest lifesaver from acclaimed author Bill Konigsberg. Aaron and Tillie don't know each other, but they are both feeling suicidal, and arrive at the George Washington Bridge at the same time, intending to jump. Aaron is a gay misfit struggling with depression and loneliness. Tillie isn't sure what her problem is -- only that she will never be good enough. On the bridge, there are four things that could happen: Aaron jumps and Tillie doesn't. Tillie jumps and Aaron doesn't. They both jump. Neither of them jumps. Or maybe all four things happen, in this astonishing and insightful novel from Bill Konigsberg.

James B. Donovan (1916-70) was an intrepid lawyer and a skillful negotiator. In his defence of unpopular causes he has been likened to Thomas Erskine, who represented Thomas Paine during the French Revolution and Harold Medina, who defended an accused accomplice of Nazi saboteurs during World War II. His courage was apparent in facing down demonstrators, hecklers, racists, and pickets, and in dealing with calculating Russian agents, hostile Cuban officers, and angry students, writes Phil Bigger, in this exciting tale of Donovan's life.
