The Cage: The fight for Sri Lanka & the Last Days of the ...

The Cage: The Fight for Sri Lanka & the Last Days of the Tamil Tigers is a book about the final stages of the Sri Lankan Civil War written by journalist and former United Nations official Gordon Weiss. Weiss was the UN's spokesman in Sri Lanka during the final months of the civil war. Since leaving the UN Weiss has been a vocal critic of the conduct of both the Sri Lankan military and the rebel Liberation Tigers of Tamil Eelam.

In the closing days of the thirty-year Sri Lankan civil war, tens of thousands of civilians were killed, according to United Nations estimates, as government forces hemmed in the last remaining Tamil Tiger rebels on a tiny sand spit, dubbed "The Cage."

The Cage: The Fight for Sri Lanka and the Last Days of the ...

I was elated to take delivery of my copy of The Cage by Gordon Weiss yesterday. Having pre-ordered it off Amazon UK, I fully expected it to be held up by Customs officials in Sri Lanka, given the incendiary issues the book is anchored to and its author, an erstwhile employee of the United Nations (UN) in Sri Lanka.

An incisive first account of the formation, history, and bloody dissolution of the rebel Tamil Tigers in Sri Lanka.

"The Cage is a tightly written and clear-eyed narrative about one of the most disturbing human dramas of recent years. . . . A riveting, cautionary tale about the consequences of unchecked political power in a country at war. A must-read." -Jon Lee Anderson, New Yorker staff writer and author of The Fall of Baghdad In the closing days of the thirty-year Sri Lankan civil war, tens of thousands of civilians were killed, according to United Nations estimates, as government forces hemmed in the last remaining Tamil Tiger rebels on a tiny sand spit, dubbed "The Cage." Gordon Weiss, a journalist and UN spokesperson in Sri Lanka during the final years of the war, pulls back the curtain of government misinformation to tell the full story for the first time. Tracing the role of foreign influence as it converged with a history of radical Buddhism and ethnic conflict, The Cage is a harrowing portrait of an island paradise torn apart by war and the root causes and catastrophic consequences of a revolutionary uprising caught in the crossfire of international power jockeying. Gordon Weiss has lived in New York and worked in numerous conflict and natural disaster zones including the Congo, Uganda, Darfur, Bosnia, Afghanistan, Syria, and Haiti. Employed by the United Nations for over two decades, he continues to consult on war, extremism, peace building, and human rights.

The Cage is a brilliant yet harrowing account of Sri Lanka's fall into darkness. Since independence in 1948, Sri Lanka has been marred by a toxic mix of religion, nationalism and xenophobia. Post-colonial governments ruled with an iron fist, and democracy crumbled. Extremist Buddhist monks preached bloodshed. Pogroms and death squads killed tens of thousands in the 1970s and 1980s. The Cage unravels the compelling history that led to the horrific events of 2009, when government forces surrounded the brutal Tamil Tiger guerrillas and hundreds of thousands of civilians on a tiny sand spit. Were tens of thousands of innocent people killed in the first months of that year? Was the government's destruction of the Tamil Tigers justified? Were war crimes committed in the process? And why is it that unlike recent events in Libya, Sri Lanka escaped detection and the censure of the watching world? The Cage analyses the serious questions thrown up by Sri Lanka's "war on terror" for the liberal international order. It examines how it was that on the strategically vital island, the three Indian Ocean super powers - the US, China, and India - jostled for supremacy, while the 21st century's first major war crime unfolded.

In just four months in 2009, Sri Lanka's 26 year-old desperate civil war came to a brutal and bloody end on a desolate stretch of beach in the island's north east. Tens of thousands of civilians were killed when the government decimated the guerrilla organisation, the Tamil Tigers. Gordon Weiss witnessed the conflict at first hand as a UN spokesman in Colombo. His devastating account unravels the compelling history that led up to that final horrific episode, peeling back the Sri Lankan government's cloak of silence to reveal the truth of those tragic events.

The compelling true story of a seventeen year old girl who joins the Tamil Tigers.

"An extraordinary book. This dignified, just and unbearable account of the dark heart of Sri Lanka needs to be read by everyone." - Roma Tearne, author of Mosquito The tropical island of Sri Lanka is a paradise for tourists, but in 2009 it became a hell for its Tamil minority, as decades of civil war between the Tamil Tiger guerrillas and the government reached its bloody climax. Caught in the crossfire were hundreds of thousands of schoolchildren, doctors, farmers, fishermen, nuns, and other civilians. And the government ensured through a strict media blackout that the world was unaware of their suffering. Now, a UN enquiry has called for war crimes investigation, and Frances Harrison, a BBC correspondent for Sri Lanka during the conflict, recounts those crimes for the first time in sobering, shattering detail.

Samanth Subramanian has written about politics, culture, and history for the New York Times and the New Yorker. Now, Subramanian takes on a complex topic that touched millions of lives in This Divided Island. In the summer of 2009, the leader of the dreaded Tamil Tiger guerrillas was killed, bringing to an end the civil war in Sri Lanka. For nearly thirty years, the war's fingers had reached everywhere, leaving few places, and fewer people, untouched. What happens to the texture of life in a country that endures such bitter conflict? What happens to the country's soul? Subramanian gives us an extraordinary account of the Sri Lankan war and the lives it changed. Taking us to the ghosts of summers past, he tells the story of Sri Lanka today. Through travels and conversations, he examines how people reconcile themselves to violence, how the powerful become cruel, and how victory can be put to the task of reshaping memory and burying histories.

For three decades, Sri Lanka's civil war tore communities apart. In 2009, the Sri Lankan army finally defeated the separatist Tamil Tigers guerrillas in a fierce battle that swept up about 300,000 civilians and killed more than 40,000. More than a million had been displaced by the conflict, and the resilient among them still dared to hope. But the next five years changed everything. Rohini Mohan's searing account of three lives caught up in the devastation looks beyond the heroism of wartime survival to reveal the creeping violence of the everyday. When city-bred Sarva is dragged off the streets by state forces, his middle-aged mother, Indra, searches for him through the labyrinthine Sri Lankan bureaucracy. Meanwhile, Mugil, a former child soldier, deserts the Tigers in the thick of war to protect her family. Having survived, they struggle to live as the Sri Lankan state continues to attack minority Tamils and Muslims, frittering away the era of peace. Sarva flees the country, losing his way - and almost his life - in a bid for asylum. Mugil stays, breaking out of the refugee camp to rebuild her family and an ordinary life in the village she left as a girl. But in her tumultuous world, desires, plans, and people can be snatched away in a moment. The Seasons of Trouble is a startling, brutal, yet beautifully written debut from a prize-winning journalist. It is a classic piece of reportage, five years in the making, and a trenchant, compassionate examination of the corrosive effect of conflict on a people.

In 2009, the Sri Lankan government forces literally eradicated the Tamil Tiger insurgency after 26 years of civil war. This was the first time that a government had defeated an indigenous insurgency by force of arms. It was as if the British army killed thousands of IRA cadres to end the war in Northern Ireland. The story of this war is fascinating in itself, besides the international repercussions for terrorism and insurgency worldwide. Many countries involved themselves in the war to arm the combatants (China, Pakistan, India, and North Korea) or to bring peace (US, France, UK, and Norway).While researching this work Professor Moorcraft was given unprecedented access to Sri Lankan politicians (including the President and his brother, the Defense Permanent Secretary), senior generals, intelligence chiefs, civil servants, UN officials, foreign diplomats and NGOs. He also interviewed the surviving leader of the Tamil Tigers.His conclusions and findings will be controversial. He reveals how the authorities determined to stamp out Tamil Tiger resistance by whatever means frustrated the media and foreign mediators. Their methods, which have led to accusations of war crimes, were brutally effective but are likely to remain highly contentious for years to come.

Sri Lanka's government declared victory in May, 2009, in one of the world's most intractable wars after a series of battles in which it killed the leader of the Tamil Tigers, who had been fighting to create a separate homeland for the country's ethnic Tamil minority. The United Nations said the conflict had killed between 80,000 and 100,000 people in Sri Lanka since full-scale civil war broke out in 1983. A US State Department report offered a grisly catalogue of alleged abuses, including the killing of captives or combatants seeking surrender, the abduction and in some cases murder of Tamil civilians, and dismal humanitarian conditions in camps for displaced persons. Human Rights Watch said the U.S. report should dispel any doubts that serious abuses were committed during the final months of the 26-year civil war. The report gains added significance since, during these five months, the Sri Lankan Government denied independent observers, including the media and human rights organizations, access to the war zone, and conducted a "war without witnesses." This book traces the ongoing engagement of international lawyer Francis A. Boyle during the last years of the conflict. Boyle was among the very few addressing the international legal implications of the Sri Lankan Government's grave and systematic violations of Tamil human rights while the conflict was taking place. This is the first book to develop an authoritative case for genocide against the Government of Sri Lanka under international law.
