In a memoir set on the eve of World War I, the author describes growing up in a working-class town in northern England, where Jews and Christians were strictly divided, and how his sister's love for a Christian boy broke down the invisible social barrier.

This wonderfully charming memoir, written when the author was 93, vibrantly brings to life an all-but-forgotten time and place. It is a moving tale of working-class life, and of the boundaries that can be overcome by love. "There are places that I have never forgotten. A little cobbled street in a smoky mill town in the North of England has haunted me for the greater part of my life. It was inevitable that I should write about it and the people who lived on both sides of its 'Invisible Wall.' " The narrow street where Harry Bernstein grew up, in a small English mill town, was

seemingly unremarkable. It was identical to countless other streets in countless other working-class neighborhoods of the early 1900s, except for the “invisible wall” that ran down its center, dividing Jewish families on one side from Christian families on the other. Only a few feet of cobblestones separated Jews from Gentiles, but socially, it they were miles apart. On the eve of World War I, Harry’s family struggles to make ends meet. His father earns little money at the Jewish tailoring shop and brings home even less, preferring to spend his wages drinking and gambling. Harry’s mother, devoted to her children and fiercely resilient, survives on her dreams: new shoes that might secure Harry’s admission to a fancy school; that her daughter might marry the local rabbi; that the entire family might one day be whisked off to the paradise of America. Then Harry’s older sister, Lily, does the unthinkable: She falls in love with Arthur, a Christian boy from across the street. When Harry unwittingly discovers their secret affair, he must choose between the morals he’s been taught all his life, his loyalty to his selfless mother, and what he knows to be true in his own heart.

Harry Bernstein was born into a world of hardship and suffering in a northern mill town, in the shadow of the First World War. His brutish father spends what little he earns at the tailoring shop on drink, while his devoted mother survives on her dreams - that new shoes might secure Harry's admission to a fancy school, that her daughter might marry well, and that one day they might all escape this grinding poverty for the paradise of America. But as the years go by, life for the

Her book is also a clarion call for preserving professionalism in journalism at a time when social media muddy the waters between fact and fiction, and between reporting and commentary. INVISIBLE WALLS tells the dramatic story of how a Kindertransport survivor won the trust and sometimes the friendship of world leaders, and with them a wide range of remarkable men and women. It speaks frankly of personal heartache and of a struggle over her Jewish identity. It is also the intensely touching story of how, despite a gift for friendship and international recognised achievements as a woman journalist, a continuing sense of personal insecurity has confronted her with a series of invisible walls.

Bernstein's memoir closes the trilogy he began at age 93 with "The Invisible Wall" and continued with "The Dream," weaving memories of his marriage with perspectives on life after his wife's death.
