Instruments of the Orchestra Instrument Families. When we talk about musical instruments, we often talk about them as being part of a family. That's because, just like in human families, the instruments in a particular family are related to each other. They are often made of the same types of materials, usually look similar to one another, and ...

Orchestra Instrument Families: Strings, Woodwinds, Brass ...

Most of the musicians in the section move from instrument to instrument and can play several during any one piece. These instruments include cymbals, gongs, xylophones, tubular bells and a variety of drums. Timpani drums are the most common percussion instruments in the orchestra and the only ones which require a specialist player.
