The War Nurses is a fictionalised account of the work of these two exceptional women during the first world war. The novel is well researched, gritty and moving - but not saccharine in the way that the cover might suggest.

Harmel, New York Times bestselling author of *The Book of Lost Names* Based on a true story, *The War Nurse* is a sweeping historical novel by USA Today bestselling author Tracey Enerson Wood that takes readers on an unforgettable journey through WWI France. She asked dozens of young women to lay their lives on the line during the Great War. Can she protect them? Superintendent of Nurses Julia Stimson must recruit sixty-four nurses to relieve the battle-worn British, months before American troops are ready to be deployed. She knows that the young nurses serving near

the front lines will face a challenging situation, but nothing could have prepared her for the chaos that awaits when they arrive at British Base Hospital 12 in Rouen, France. The primitive conditions, a convoluted, ineffective system, and horrific battle wounds are enough to discourage the most hardened nurses, and Julia can do nothing but lead by example—even as the military doctors undermine her authority and make her question her very place in the hospital tent. When trainloads of soldiers stricken by a mysterious respiratory illness arrive one after the other,

life."—Linda Saga Rosen, author of *The Disharmony of Silence*  
"A riveting and surprisingly timely story of courage,

sacrifice, and friendship forged at the front lines."

—Kelly Mustian, author of *The Girls in the Stilt House*

"If you, like me, are a voyeur of historical drama that unfolds as if the kitchen window flew open and the characters were caught in action, then *The War Nurse* is for you." —Diane

Dewey, author of *Fixing the Fates* "Fans of Patricia Harman will love Wood's treatment of medical expertise in a historical setting." —Booklist

# Online Library The War Nurses A Moving Wartime

During World War II, nursing leadership used their wartime contributions to advance their professional interests. Nursing leaders directed the rank and file nurses in a war whose commanders demanded excellence in terms of skills and abilities while perpetuating regulations that restricted much of the efforts of recruitment and performance. Ex service nurses returned to the civilian work force confident in their abilities and ready to confront the causes of unfair working conditions under which they worked before the war. In adhering to the nineteenth

# Online Library The War Nurses A Moving Wartime

century model of the well disciplined, self sacrificing and dutiful caretaker, however, organized nursing was unable to break the century long traditions that placed it in an inferior position in medicine, thus the field of nursing improved their circumstances only in areas over which they controlled such as education and licensing.

"Of all the tales and sketches which go to make up the present work, some have been actual experiences of the writer, more of other members of the Royal Flying Corps, whilst one or two are

purely imaginative, but none the less possible. In cases where the writer may seem to be inaccurate or out of date, he begs to remind his readers that sketches were written in the autumn of 1916 in most instances, and portray events that happened to him and his contemporaries in the R.F.C., mostly in 1915 and the beginning of 1916. After that date the writer ceased to fly himself, owing to a period of eight months in the hospital, and became a "Wing Adjutant." The details of the R.F.C. in the East were obtained whilst he was actually there during the greater part of
