~~Turtle, Turtle, Watch Out! - Amazon.co.uk: Sayre, April~~  
The story talks about how the turtles have to watch out for animals that want to eat them such as cats on land and sharks under water. The turtles have to avoid nets and other objects under water that could hurt them. One of the turtles meets a male turtle and they mate. The turtle goes to the same beach from the beginning and lays her eggs.

TURTLE, TURTLE, WATCH OUT! by April Pulley Sayre & illustrated by Lee Christiansen · RELEASE DATE: Sept. 1, 2000. Considering the dangers a sea turtle faces, its life would be a "short story, or no story at all" without helping hands, according to this compelling narrative. Here that help begins before a little loggerhead even gets off the beach, as a child chases away marauding raccoons, places a wire cage over the buried clutch of turtle eggs, and later turns off a house light to ...

The repeated refrain of "Turtle, turtle, watch out!" will have young listeners joining in on a story showcasing the important part humans play in the sea turtle's survival, as well as a few of the turtle's own survival skills. Detailed realistic illustrations give a sense of the turtle's watery world.

~~TeachingBooks - Turtle, Turtle, Watch Out!~~  
Summary: Follow a little sea turtle from the time she hatches until she again returns to the beach to lay her own eggs. Reissued with new illustrations and updated material on conservation efforts, the book also stresses the role humans can play in helping these endangered turtles survive and the types of dangers they encounter on land and in the sea.

~~The Reading Tub~~  
From the starry August night that she hatches, and must find her way into the sea, through her many years of growth and exploration, until she is ready to return to that same beach, in order to lay her own eggs, Turtle must continually navigate the dangers, both man-made and natural, of her world, watching out for everything from sharks to fishing nets...

A fascinating look at the dangers sea turtles face and the role that humans have in helping with wildlife and ocean conservation. In this re-illustrated edition of the previously published text, author April Pulley Sayre introduces readers to the life of a sea turtle. From the tiny hatchlings being born on the shores of Florida to the turtles making their way through the sea to their journey back to lay eggs of their own years later, the reader sees the dangers that turtles must face and how humans can help. Backmatter includes information on sea turtle conservation efforts and the seven species of sea turtles. A great introduction to ocean life cycles as well as a perfect resource for building awareness about environmental and nature conservation in and outside of the classroom.

Humans offer a helping hand. Sea turtles face many dangers as they grow, eat, travel, and breed. In this dramatization of one female turtle's challenges, acclaimed nature writer April Pulley Sayre highlights the role that humans have in helping this endangered species. Previously published, this story has been re-illustrated by Annie Patterson. Information on sea turtle conservation efforts and the seven species of sea turtles is included.

From before the time she hatches until she returns to the same beach to lay eggs of her own, a sea turtle is helped to escape from danger many times by different human hands.

And Still the Turtle Watched (PB)

People think Jiro-San is mad - he sits on the beach for hours, just listening to the wind and waiting, always waiting. But Taro is fascinated by this wise man and his wonderful secrets, especially when Jiro-San reveals to him that his sea friends are on their way to the beach.

Read Along or Enhanced eBook: How can a leaf become a fish? Join two young children and their dads to find out, as they observe life in and around a stream. Energetic collage art and simple, lyrical text depict the ways plants and animals are connected in the food web. Back matter provides information about the trout life cycle as well as conservation efforts that kids can do themselves. It's a natural choice for Earth Day.

These rain forest dwellers are loud and sloppy. This playful poem brings howler monkeys to life in all their growly, barking glory. Extra facts within the text give readers the lowdown on these loudmouths.

Old Jiro-San sits on the beach listening to the wind, sweeping the sand with a broom, and waiting, always waiting. Some people think he is a little strange, but Taro is fascinated by the old wise man and his wonderful secrets. And when Jiro-San reveals that some special friends -- Japanese sea turtles that are ready to lay their eggs -- are on their way to the beach, Taro and his sister Yuko help Jiro-San prepare for them. Based on a true story, this charming picture book features an endnote about sea turtles and an endorsement by the leader of Marine Turtle Research Program at the United States National Marine Fisheries Service.

Bumblebee queens begin the spring alone, but can create colonies of hundreds throughout the year. Follow one queen as she finds a nest, gathers nectar, lays eggs and tends her colony through spring, summer, and fall.

Seventh-grader Will's Bar Mitzvah community service project, visiting an incurably ill older boy in the hospital, leads to a friendship that is life-changing for both them and those around them.
