Air Conditioning Types - Beginners guide to air conditioning

Wall mounted air conditioners are arguably the most popular form of AC units in the UK, used to eliminate warm air from the room. This is due in part to the recognition of the affordability of these cooling units as well as their flexibility in aesthetic and positioning. The units can be mounted on almost any wall and are positioned at a high level on the wall, ensuring an unobtrusiveness that will easily blend into the background in most settings.
