President Trump continues to push his claims of election fraud, and last week, he tried to support that narrative with a tweet tied to gambling, per Casino.org . "At 10:00 P.M. on Election Evening,...

"Lange ' s entertaining book makes it clear that, no matter how wild and risky his lifestyle may be, he takes comedy more seriously than anything else." —Publishers Weekly When Artie Lange's first book, the #1 New York Times bestseller, Too Fat To Fish, hit the top of the charts, audiences learned what Howard Stern listeners already knew: that Artie is one of the funniest people alive. He is also an artist haunted by his fair share of demons, which overtook him in the years that followed. After a suicide attempt, a two-year struggle with depression, and years of chronic

Read Online Wanna Bet A Degenerate Gamblers Guide To Living On The Edge

opiate addiction, Artie entered recovery and built himself back up, chronicling his struggle in brave detail in his next book and second New York Times bestseller, *Crash and Burn*. In his hilarious third book, the two-time bestselling author, comedian, actor, and radio icon explains the philosophy that has kept his existence boredom-free since the age of 13—the love of risk. An avid sports bettor and frequent card player, Lange believes that the true gambler gets high not from winning, but from the chaotic unknown of betting itself. He recounts some of his favorite moments, many of which haven't involved money at all. In this candid and entertaining memoir, he looks back at the times he's wagered the intangible and priceless things in life: his health, his career, and his relationships. The stories found in *Wanna Bet?* paint a portrait of a man who would just as quickly bet tens of thousands of dollars on a coin toss as he would a well thought out NBA or NFL wager. Along for the ride are colorful characters from Artie's life who live by the same creed, from a cast of childhood friends to peers like comedian and known gambler Norm McDonald. The book is a tour of a subculture where bookies and mobsters, athletes and celebrities ride the gambling roller coaster for the love of the rush. Through it all, somehow Artie has come out ahead, though he does take a few moments to imagine his life if things hadn't quite gone his way. Unrepentant and unrestrained, the book is Lange at his finest.

The comedian and radio personality discusses his drug addiction, battle with depression, and ultimate recovery.

The stand-up comedian draws on the trials and tribulations of his own life--from drug addiction and obesity to fights with his mother and his early career driving a Jersey cab--to share a collection of painfully hilarious true stories.

Dell'Abate, Howard Stern Show producer, miracle worker, professional good sport, and servant to the King of All Media, for the first time tells the story of his early years and reveals how his chaotic childhood and early obsessions prepared him for life at the center of the greatest show on Earth.

For the first time, Jackie “ The Joke Man ” Martling opens up about his life as a cast member and head writer for the comedy powerhouse The Howard Stern Show. In *The Joke Man: Bow to Stern*, Jackie tells of his beginnings as a working comedian and writer and his climb to the top on The Howard Stern Show. Jackie saw it all, and in *The Joke Man: Bow to Stern* he shares personal stories as well a look from behind the scenes at one of the highest-rated radio shows of all time. You ' ll also get his take on his falling out with Howard and the show, and plenty of the raunchy, laugh-out-loud humor that Jackie “ The Joke Man ” is famous for. So sit back, relax, and enjoy as “ The Joke Man ” riffs on his one-of-a-kind career in show business, Howard

Stern and the gang, and his very unique life—an American success story like no other.

Rock stars and rap gods. Comedy legends and A-list actors. Supermodels and centerfolds. Moguls and mobsters. A president. Over his unrivaled four-decade career in radio, Howard Stern has interviewed thousands of personalities—discussing sex, relationships, money, fame, spirituality, and success with the boldest of bold-faced names. But which interviews are his favorites? It's one of the questions he gets asked most frequently. Howard Stern Comes Again delivers his answer. This book is a feast of conversation and more, as between the lines Stern offers his definitive autobiography—a magnum opus of confession and personal exploration. Tracy Morgan opens up about his near-fatal car crash. Lady Gaga divulges her history with cocaine. Madonna reminisces on her relationship with Tupac Shakur. Bill Murray waxes philosophical on the purpose of life. Jerry Seinfeld offers a master class on comedy. Harvey Weinstein denies the existence of the so-called casting couch. An impressive array of creative visionaries weigh in on what Stern calls “the climb”—the stories of how they struggled and eventually prevailed. As he writes in the introduction, “If you're having trouble finding motivation in life and you're looking for that extra kick in the ass, you will find it in these pages.” Interspersed throughout are rare selections from the Howard Stern Show archives with Donald Trump that depict his own climb: transforming from Manhattan tabloid fixture to reality TV star to president of the United States. Stern also tells of his Moby Dick-like quest to land an interview with Hillary Clinton in the run-up to the 2016 election—one of many newly written revelations from the author. He speaks with extraordinary candor about a variety of subjects, including his overwhelming insecurity early in his career, his revolutionary move from terrestrial radio to SiriusXM, and his belief in the power of psychotherapy. As Stern insightfully notes in the introduction: “The interviews collected here represent my best work and show my personal evolution. But they don't just show my evolution. Gathered together like this, they show the evolution of popular culture over the past quarter century.”

Easy For You To Say is "Stuttering" John Melendez's memoir of his childhood being bullied in school for his stutter; his years as an on-air personality with The Howard Stern Show; and his subsequent ten-year career as a writer and on-air announcer for Jay Leno's Tonight Show. It details his famously acerbic relationships with celebrities he interviewed/insulted (Raquel Welch once punched him in the face). In the book, Howard Stern emerges as a surprisingly mean, stingy, and megalomaniacal boss--and Jay Leno as a seeming sufferer from OCD.

In the 1960s, no black political group stood for grassroots insurgency more than the Black Panther Party. The figure who embodied the militant and controversial spirit of the Black Panther Party more than anyone was Eldridge Cleaver. Charismatic, brilliant, and courageous, Cleaver built a base of power and influence that struck fear deep in the heart of white America. It was therefore shocking to many left-wing radicals when Cleaver turned his back on black revolution, the Nation of Islam, and communism in 1975. While Cleaver seemed sincerely disillusioned with radicalism, his erratic behavior over the next two decades revealed something that had been a latent part of his psyche all along—his narcissistic megalomania. His influence declined significantly through the 1980s until he found himself back on the streets committing

Read Online Wanna Bet A Degenerate Gamblers Guide To Living On The Edge

petty crimes. By the time he died, in 1998, he was largely viewed as a turncoat who had betrayed the cause of black freedom. How can we make sense of Cleaver's precipitous decline from a position as one of America's most vibrant black writers and activists? And how do his contradictory identities as criminal, party leader, international diplomat, Christian conservative, and Republican politician reveal that he was more than just a traitor to the advancement of civil rights? *Revolution or Death* answers these questions and many more by providing the first life story of one of the most notorious black revolutionaries in history. It explores the audacious dreams and spiritual transformations of the eccentric radical and places him squarely within the context of his changing times. Author Justin Gifford explores previously unseen materials from Cleaver's extensive archive to create the story of a man far more compelling and complex than anyone has given him credit for. In a country defined by its extreme political positions on the right and left, Cleaver embodied both ideologies in pursuit of his conflicting ideals, and it was his inability to resolve
